

AYMAN CAMAR

Website Builder · Designer · Automation · SEO · Vibe Coder · Claude Code Specialist

Iligan City, Lanao Del Norte 9200, Philippines · maxinmiling443@gmail.com · aymanwebservices.com

PROFESSIONAL SUMMARY

A skilled Website Builder and WordPress specialist with expertise in creating custom websites for businesses, entrepreneurs, CEOs, and agencies. Proficient in Vibe Coding and Claude Code development — building fully functional, AI-powered websites with modern tooling. Enhancing brand visibility through strategic design, SEO optimization, and backlink building to drive lead conversion and customer growth. Expert in workflow automations using Zapier, Make, N8N, and AI-driven agents. GoHighLevel (GHL) specialist in contact automation, CRM systems, and calendar bookings.

EXPERIENCE & SKILLS

WordPress Developer | Website Builder | 03/2022 – Present

OnlineJobsPh · Upwork · VirtualStaffPh · Freelance

- Build and design custom websites using WordPress, Elementor, and various plugins for businesses, entrepreneurs, CEOs, and agencies.
- Create visually appealing, highly functional platforms optimized for SEO, enhancing online visibility and driving lead conversion through strategic web design and brand visibility optimization.
- Deliver complete, professional digital solutions that establish strong online presences, nurture leads into customers, and support business growth with measurable results.

Claude Code Developer | Vibe Coder | Mid 2025 – Present

Freelance · Independent Projects

- Build fully functional, production-ready websites through Vibe Coding using Claude Code, Anti Gravity, Google Stitch, and VS Code — delivering smart, modern web experiences from concept to deployment.
- Develop AI-powered automation workflows integrated directly into web projects, combining Claude Code capabilities with MCP (Model Context Protocol) integration for extended functionality and intelligent task execution.
- Leverage Claude Code Skills to streamline development processes — from scaffolding components to building complete full-stack solutions with minimal manual coding overhead.
- Create automation workflows enhanced with AI, connecting multiple platforms and services through MCP servers for seamless, intelligent process automation.

Automation Specialist | 02/2023 – Present

OnlineJobsPh · Upwork · VirtualStaffPh · Freelance

- Develop custom automations using Zapier, Make, and N8n Agents for business owners, streamlining processes and enhancing system efficiency through API integrations and webhook usage.
- Implement automated solutions including appointment booking, email and SMS notifications, calendar reminders, spreadsheet management, and contact listing to reduce manual tasks.
- Build AI Chat Agents for Facebook Pages to automate customer inquiry responses, improving engagement and response times while supporting lead nurturing and customer service.

GoHighLevel (GHL) Specialist | 02/2023 – Present

OnlineJobsPh · Upwork · VirtualStaffPh · Freelance

- Utilize GoHighLevel to revamp and modernize outdated websites, transforming them into high-converting platforms that drive sales and lead generation.
- Implement smart website features including automated appointment setting, interactive chat widgets, streamlined workflows, and robust contact management via GHL Forms.
- Redesign layouts and interfaces to create SEO-optimized, visually compelling sites that nurture leads, boost conversions, and establish a strong digital presence.

Leads Contact Caller | 09/2023 – 12/2024

Project & Customer Relationship Management

- Drove lead generation as a results-oriented Lead Contact Caller for a high-end event space venue, excelling in cold calling and appointment setting to secure tours for weddings, corporate events, and social gatherings.
- Qualified and nurtured potential clients through strategic outbound calls, building relationships to enhance conversion rates and support venue bookings.
- Leveraged Monday.com, Zoho, and HubSpot to delegate tasks, streamline team workflows, and maintain consistent client communication.
